## The Belfast Riots.

LONDON, Aug. 20.—The rioting in Belfast continued without abatement yesterday despite the warning proclamation of the Mayor and magistrates. The fighting was kept up by parties of rioters in various quarters with stones, bludgeons and firearms. The magistrates began yesterday to swear in special constables to assist in suppressing the disturbances. All the public house received orders to close their doors and not to reopen them until permitted by the authorities.

LONDON, Aug. 20.—2 p. m.—A dispatch from Belfast to-day states that between six o'clock last evening and eleven o'clock this morning only two wounded rioters were received in the hospital. ## SPECIAL NOTICES.

**A DISEASE WITH A THOUSAND SYMPTOMS.**—Dyspepsia is the most perplexing of all human ailments. Its symptoms are almost infinite in their variety, and the system is a desperate victim of the disease often fancy themselves the prey, in turn, of every known malady. This is due, in part, to the close sympathy which exists between the stomach and the brain, and in part, also, to the fact that any disturbance of the digestive function necessarily disorders the liver, the bowels and the nervous system, and affects, to some extent, the quality of the blood. A medicine that, like Hostetter's Bitters, not only tones the stomach, but at the same time controls the liver, produces a regular habit of body, braces the nerves, purifies the blood, and restores to a mind diseased, is therefore the true and only specific for chronic indigestion. Such is the operation of this famous vegetable restorative. It not only cures dyspepsia, but also all concomitants and consequences of indigestion. No one who chooses to take half a wineglassful of this agreeable appetizer and stomachic habitually three times a day will ever be troubled with oppression after eating, nausea, sour eructations, or any other indications of a want of vigor in the digestive and assimilating organs. The debility and languor superinduced by hot weather are immediately and permanently relieved by the Bitters, and persons who are constitutionally inclined to look upon life "as through a glass, darkly," will be apt to take a brighter and more hopeful view of the situation after the genial influence of this wholesome medicinal stimulant. Aug 19-coltw

**THE "DOG DAYS" AND THEIR DANGER.**—At this season of the year the blood is apt to become impure, the appetite poor, the skin sultry, the body enfeebled, the system relaxed, making it susceptible to attacks of chills and fevers, rheumatism, eruptions of the skin, and the development of the effects of the injudicious use of alcohol. All this trouble may be avoided by the use of a few bottles of Dr. TUTT'S Sarsaparilla and Compound. It is harmless in its effects, but a powerful enemy to diseases. Try it, and you will find it a friend in need.

Dr. TUTT'S Hair Dye acts instantaneously. [ad]
